

Our Fleet

Learjet® 35

Speed:	460 knots
Range:	1,800 nm
Passengers:	8
Cabin Height:	4.3'
Cabin Width:	4.9'
Baggage Volume:	40 cu. ft.

The popular Bombardier Learjet 35 is the performance and flexibility leader in its class. Passengers appreciate the comfort, speed, safety and economy of this long-range aircraft. It climbs smoothly and quickly, and provides access to shorter runways than other jets with greater fuel efficiency. The quiet, leather-appointed cabin, which seats eight, offers a refreshment center, fold-out tables, in-flight phone service, lavatory and a luggage area that is accessible in flight. With an exceptional blend of speed, range, efficiency, reliability and luxury, the Learjet 35 sets the standard for all other aircraft in its class.
